INTRODUCING OUR PLANS FOR 2008:

We plan to compete in the 2008 Hankook Tyres Irish National Forestry Championship. We will be competing in the Junior class which is for Drivers in the first 2 years of their motorsports licence with cars sized 1.6 litre and under.

Our ambition for 2008 is to run a full championship campaign and finish as many events as possible in order to be in the championship shake up by Cork in August.

During the season, we will be posting regular updates and documenting the progress of our championship on our website, www.shedsport.com

SPONSORSHIP:

We are currently looking for sponsors for the 2008 season. We can cater for many different packages.

WHY SPONSOR?

1. YOUR MESSAGE CAN REACH UP TO 200,000 SPECTATORS

A new addition to the 2008 championship is that the Junior class will run at the front of the field, in front of the World Rally Cars. Because of this there will be increased levels of publicity. Your logo and message could reach as many as 200,000 spectators on the stages over the course of the year.

2. GET YOUR MESSAGE ONLINE

We'll pass on your message to all the visitors on our website, www.shedsport.com, which we will be advertising widely on Irish motor-sports websites.

Stages we compete in during the championship will be posted online to video website Youtube. Similar videos have had as many as 20,000 viewers in just three months online. Get your message in front of these savvy viewers now!

3. GET YOUR MESSAGE STRAIGHT TO OUR SUPPORTERS

Finally, we offer merchandise and supporters packages via our website. We can target your literature to our supporters directly by including it with merchandise.
